EDUCATION

Toulouse School of Economics

2026–Present

M1 Applied Economics

Current coursework: Game Theory, Macroeconomics, Intermediate Econometrics, R Programming, Environmental Economics, Markov Chains.

Awarded a fee waiver for 2026–2027.

Aryabhatta College, University of Delhi

2022–2026

B.A. (Honours with Research) in Economics, Minor in Mathematics

Selected coursework: Advanced Econometrics, Causal Inference, Optimization Methods, Real Analysis.

RESEARCH INTERESTS

Environmental Economics, Ecological Economics, Bioeconomics, Conservation, Climate Change, Applied Econometrics, Economic Geography.

RESEARCH EXPERIENCE

Undergraduate Thesis

Aug 2025 – May 2026

Carbon Emissions in Africa: EKC and Regional Integration

Supervisor: Prof. Deepika Goel

Panel of nine African countries (2006–2022). Paper 1 uses fully modified OLS and finds trade openness and regional value chains positively associated with consumption-based emissions, while environmental cooperation and institutional integration are negatively associated with emissions. Paper 2 finds a U-shaped income–emissions pattern, not the conventional inverted U.

- Scored Outstanding (10/10) in both semesters.
- Presented at Undergraduate Research and Entrepreneurship Exhibition 2026 (UGREE 2026), University of Delhi.

PROJECTS

Cartel-Fringe Resource Model (Julia/JuMP) ([GitHub](#))

Built a T-period resource-extraction model in the Salant (1976)/Hotelling (1931) tradition using Julia/JuMP, with a complementarity formulation for fringe supply and carbon-tax path simulations.

INR/USD Macroeconomic Analysis: OLS and VAR (R) ([OLS](#) | [VAR](#))

Analyzed monthly INR/USD movements, inflation, and industrial activity in R. Rebuilt the levels OLS (127 observations) on stationary variables after unit-root diagnostics (ADF/KPSS), then estimated a VAR with the IIP growth cycle (75 observations) using ARDL bounds, block Granger, and Newey-West tests.

SKILLS

Languages: Hindi (Native), English (Fluent), Punjabi (Elementary), French (Elementary)

Technical Skills: R, Stata, EViews, Tableau, LaTeX, Git/GitHub, Excel, Typst, Julia (JuMP), Numerical Optimization.

LEADERSHIP

Vice President, Placement Unit, Department of Economics

Sep 2025 – Apr 2026

Aryabhatta College, University of Delhi

Established and led the unit to connect economics students with internship and career opportunities.

Editor-in-Chief, Mind Over Matter (Economics Society)

Oct 2024 – Aug 2025

Aryabhatta College, University of Delhi

Led the editorial team, managing content strategy, publication processes, and project communications.
