EDUCATION

Toulouse School of Economics

2026–Present

M1 Applied Economics

Aryabhatta College, University of Delhi

2022–2026

B.A. (Hons. with Research) in Economics, Minor in Mathematics

RESEARCH INTERESTS

Environmental Economics, Energy Economics, Ecological Economics, Climate Change, Applied Econometrics, Evolutionary Game Theory, Economic Geography.

RESEARCH EXPERIENCE

Undergraduate Thesis

Aug 2025 – May 2026

Carbon Emissions in Africa: EKC and Regional Integration

Supervisor: Prof. Deepika Goel

This thesis examines the long-term relationship between carbon emissions and regional integration in Africa.

- Scored Outstanding (10/10) in both semesters.
- Presented at the Undergraduate Research and Entrepreneurship Exhibition 2026 (UGREE 2026), University of Delhi.

PROJECTS

Cartel-Fringe Resource Model (Julia/JuMP) ([GitHub](#))

Built a T-period resource-extraction model in the Salant (1976)/Hotelling (1931) tradition using Julia/JuMP. Added a complementarity formulation for fringe supply and simulated how alternative carbon-tax paths affect extraction timing.

VAR Modeling of Macroeconomic Data (R) ([GitHub](#))

Modeled short-run dynamics among the exchange rate, inflation, and output gap using a vector autoregression (VAR) model with robust inference.

Econometric Analysis of INR and Exchange Rate (R) ([GitHub](#))

Investigated how the Consumer Price Index and output gap relate to the INR exchange rate using time-series models in R and analyzed the policy implications.

LEADERSHIP AND SERVICE

Co-Founder & VP, Placement Unit (Economics Dept.), Aryabhatta College

Sept 2025 – Apr 2026

Established and led the unit to connect economics students with internship and career opportunities.

Advisor, Mind Over Matter (Economics Society), Aryabhatta College

Aug 2025 – Apr 2026

Provided strategic guidance and mentorship to the editorial board.

Editor-in-Chief, Mind Over Matter (Economics Society), Aryabhatta College

Oct 2024 – Aug 2025

Led the editorial team, managing content strategy, publication processes, and project communications.

SKILLS

Languages: Hindi (Native), English (Fluent)

Technical Skills: R, Stata, EViews, Tableau, LaTeX, Git/GitHub, Excel, Typst, Julia (JuMP), Numerical Optimization.
